

**Major Market
Washington D. C. Fund Raiser**

Dear 8th grade Parents,

Our school has collected Major Market receipts as an on-going fund raiser to help our students who attend the Washington D. C. trip. Here is how the program works:

We collect receipts from all grade levels Preschool - 8th grade. A coordinator tallies and tracks the receipts turned in. Each student attending the trip will receive an equal share of the monies received from the pool of receipts. Major Market has not, as yet, placed a date requirement for their receipts. So be sure to save your receipts all year round.

When your student is in the 8th grade, you can receive the benefit of the "pool" of receipts in addition to the receipts that you turn in individually in your child's name during their 8th grade year. In order to receive individual credit, you must process your receipts as follows:

- All receipts must be cut to a length of 4 inches from the bottom of the receipts.
- The Subtotal showing the pre-tax total **must be highlighted**.
- All receipts must be "batched" in totals as close to \$1,000.00 as possible.
- All "batches" of receipts need to be stapled with an adding machine tape attached.
- Please list your child's name on each "batch" of receipts.

Each year the cut-off date to turn in receipts varies. We try to allow as much time as possible while still leaving enough time to process the turned in receipts and receive the funds from Major Market. If you have any questions, be sure to stop by the office.
